Price Tool: Pricelists - Bug fix for exporting active/inactive status

Dev Ref: 31626

Support Ref #: 664075

Development has been completed to add an `Active status` for official GoodX pricelists. A new checkbox has been added to the pricelist editing screen called `Do not automatically set pricelist to INACTIVE status (Pricelist update)`. The system will update the status to `Inactive` as required.

Please note the following exceptions and rules:

- The active status of pricelists flagged with `Do not automatically set pricelist to INACTIVE status (Pricelist update)` will not be affected.
- The active status of pricelists not flagged as inactive by GoodX will not be affected.
- The status will change across multiple years.
- The name of the pricelist may change if it has not already been changed locally (usually, `Inactive` will be appended at the end of the old name, or something similar).
