Release Notes

Release Version : 8.0.2502.26

Administration : 1 change(s)

Request : 1 change(s)

Version naming convention change

Dev Ref: 38394

Please note that starting from the next release, the Desktop version format will change, where:

- 8 indicates the Desktop version,
- 25 represents the release year,
- 17 denotes the compatible Web branch, and
- 01 signifies the release number.

Example: desktop_8.2517.01

Release Notes

Release Version : 8.0.2502.26

General : 5 change(s)

Bug Fix : 3 change(s)

MedDebs: Admittance - Details Report displays incorrect

Dev Ref: 38111

Support Ref #: 826633

Addressed a bug that caused the Details Report on debtors to print incorrect information.

MedDebs: Statements - SQL error on Statement Profiles when emailing statements

Dev Ref: 38346

Addressed the SQL error that would occur when emailing statements.

MedDebs: Invoices - Editing a case for estimates does not link the estimate to an existing case

Dev Ref: 37873

Support Ref #: 824354, 821438, 825401

Addressed a bug that caused editing an estimate to break its link to the associated case, resulting in duplicate entries.

Development : 1 change(s)

MedDebs: Payments - Fetch ERA extensions for wsclient

Dev Ref: 38179

Support Ref #: 809605

Functionality has been extended to allow fetching of single ERA batches from the switch as required.

Remove Discontinued : 1 change(s)

System: Investigation - Rebuild Indexes function removed

Dev Ref: 38106

Removed the Rebuild Indexes function from the GXDebs and GXManage modules.

Release Notes

Release Version : 8.0.2502.26

GxPrices : 1 change(s)

Development : 1 change(s)

GXManage: Pricelist Management - Refinement of the DSP-setup screen functionality

Dev Ref: 37601

The DSP setup-screen functionality has been refined.

1. Pricelist views will automatically be refreshed when the DSP options are changed.
2. DSP contracts that have not been selected will display in blue on the condensed setup screen. (Previously they were defaulted to `None`.)
3. A `Set unlinked contracts to None` button has been added in the bottom right hand corner of the screen, next to the `OK` button.

For more information, please visit our learning centre at:

Release Notes

Release Version : 8.0.2502.26

Hospital : 1 change(s)

Development : 1 change(s)

Hospital: Cases - Case Type list and not dropdown

Dev Ref: 37725

Support Ref #: 815157

Development to add an option for browsing the list of case types on the hospital case input screen has been completed.

Release Notes

Release Version : 8.0.2502.26

Reports : 1 change(s)

Request : 1 change(s)

MedDebs - Print - Drilldown advanced exported report to not display expanded details

Dev Ref: 37224

Support Ref #: 799377

The following updates have been completed for the Advanced Grid Export screen on reports:

- Removal of `Use Native Format` function: This feature has been removed from the grid export options.
- New Message for `Expand All` Option: When the `Expand All` option is set to `No`, a message will now appear stating: `The report will be exported according to the current view/layout of the generated report.` This message reflects to indicate that only the details that have been collapsed or expanded by the user will generate. Selecting `Yes` will display all expanded details.
- Filename Requirement for Report Generation: A filename is now required in order for the report to generate and be saved.

Release Notes

Release Version : 8.0.2502.26

Stock : 2 change(s)

Development : 1 change(s)

Stock: Reports - Warehouse-based ordering option applied to Stock Movement: Detail report

Dev Ref: 37140

A new `Partition by Warehouse` option has been added to the Stock Movement: Detail report. This feature allows users to view and analyze stock movements separately for each warehouse, providing a clearer breakdown of inventory changes.

Request : 1 change(s)

Stock: Corrections - Import from Transfer Request added to Stock Transfer functionality

Dev Ref: 26733

New functionality to perform inter-warehouse stock transfer requests has been completed. For more information, please visit our learning centre at:
